EXPERIENCE

• New York Code Academy / 08/17 - 10/17

Honed and utilized HTML5, CSS3, Javascript, JQuery, and Git skills to create a variety of projects.

• Codecademy PRO / 07/17 - 10/17

Learned HTML5, CSS3, and Javascript to create a variety of functioning and responsive webpages. Translated design documents to front-end code. Built mobile-responsive websites with an understanding of cross-browser design and debugging.

• The Wilson Concept / 02/17 - 06/17

Designed logos and business cards for a variety of clients.

• Amanda Stevenson Photagraphy / 03/15 - 09/15

Assembled equipment and assisted in photo shoots. Retouched photos in Lightroom and Photoshop. Upgraded previous business card designs to include QR code. Designed a step-and-repeat, gift certificates and email campaigns to promote the business at the Business Expo at the Union League.

• Eviama Life Spa / 07/14 - present

Managed appointments and filed client information. Organized schedules, events, large parties. Maintained contact between the business and PR Manager. Designed advertisements and graphics for magazines and events. Sold and informed customers on products offered.
